INTRODUCTION

Why the University of Balamand Dubai (UOBD)

University of Balamand Dubai (UOBD), a subsidiary of Dubai Investments PJSC and accredited by the Ministry of Education (MOE) in UAE, opened its doors in September 2018 at Dubai Investments House, Dubai Investments Park (DIP) and offers a range of undergraduate degrees based upon the American model of higher education. The operational management of the University of Balamand Dubai has been entrusted to the University of Balamand - Lebanon and its academic programs have been adopted.

UOBD believes that learning occurs not only in the classroom, but also through engagement in campus life and in communities and organizations beyond the university. UOBD provides a holistic education that equips the learner with the necessary skills, knowledge, and abilities to build up a bright future for him personally and for the community.

Our dedicated faculty and staff offer the guidance and raise the motivation level to enable you to become a wise decision maker. Our resources, facilities, research experiences and rich extra-curricular activities ensure that the student spend efficient years and attain a rich successful journey at the time he or she is learning at UOBD.

UOB – Lebanon is known as a major center for intellectual and cultural activities. UOB's profound experience will place UOBD among the best universities in the United Arab Emirates and the Arabian Gulf region which is a great challenge for a new institution of higher education that can and will be attained in the coming years.

About the University of Balamand (UOB)

The University of Balamand (UOB) is a private, non-profit, independent, Lebanese educational institution of higher education. UOB does not discriminate on the basis of religion, race, gender, nationality, or physical disability. The University is dedicated to the study of the arts, sciences, and professional fields including Engineering and Medicine, that serve the interests of the community of Lebanon and the Arab world and is committed to excellence in these fields. The university is also committed to research, teaching-learning, and service to its community. The University has 117 agreements/affiliations with national and international institutions around the world including UK, USA, Canada, France, Italy, to name a few.

ACQUIN "Accreditation, Certification and Quality Assurance Institute" granted UOB a six-year unconditional institutional accreditation: "The University of Balamand is institutionally accredited without conditions. The institutional accreditation is valid until September 30th, 2021".

The University of Balamand was ranked in the 3rd place in Lebanon and among the top 30 Universities in the Arab World according to the QS World University Rankings®. The ranking was based on academic and employer reputation, faculty to student ratio, published papers per faculties among other prestigious criteria.

APPLICATION PROCEDURE

FACULTY OF ENGINEERING

The programs at the Faculty of Engineering at the University of Balmand Dubai (UOBD) are committed to the advancement of the engineering profession and are ranked among the top. In other words, the Faculty of Engineering is dedicated to providing high-quality engineering education and comprehensive undergraduate curricula, and to promoting high merit research and educational resources to further the development of the discipline of engineering in the Gulf and the region. We strive to prepare engineers to meet the challenges of the new world with programs designed to culminate in a Bachelor of Science degree (four-year program).

Our BS program gives students basic theoretical and practical knowledge in Engineering Sciences and Design to practice their skills as engineers once they graduate. This is accomplished through a strong educational system supported by the latest technological advances.

The Faculty's vision is to pursue excellence in basic and applied research and to contribute to the expansion and innovative application of state-of-the-art knowledge to the benefit of society. Our approach is to stress learning rather than teaching, by integrating Information Technology driven lectures. We provide students with an innovative learning environment that integrates in-class instruction with our multidisciplinary laboratories.

Available Engineering Programs:

- Bachelor of Science (B.S.) in Chemical Engineering
- Bachelor of Science (B.S.) in Civil Engineering

FACULTY OF ARTS AND SCIENCES

The Faculty has eight Majors, including Biology, Chemistry, Mathematics, Physics, English Language and Literature, Psychology, Special Education and Professional Teaching Diploma. Many majors also offer specialties that are constantly revised and updated to respond to market needs. The faculty and staff members all interact in a family atmosphere governed by mutual respect, friendliness, and professionalism. Our Faculty has two main missions, teaching and research, and we try to excel in both. Our classes are small, rarely exceeding 30 students, allowing professors and students to easily interact. Our curricula, combining theoretical and practical knowledge, give students the opportunity to gain hands-on training, a major advantage whether they are headed for the job market, graduate studies or professional schools. The highly qualified professors, the quality and scope of our infrastructure, our national and international reputation, make a BS/BA from our Faculty worth attaining as it opens the doors wide for you towards a brilliant career in industry, education or the professional world.

Arts and Sciences available programs:

- Bachelor of Science (B.S.) in Biology
- Bachelor of Science (B.S.) in Chemistry
- Bachelor of Science (B.S.) in Mathematics
- Bachelor of Science (B.S.) in Physics
- Bachelor of Arts (B.A.) in English Language and Literature
- Bachelor of Arts (B.A.) in Psychology
- Bachelor of Arts (B.A.) in Special Education
- Professional Teaching Diploma (T.D.)

FACULTY OF BUSINESS MANAGEMENT

The Faculty of Business Management caters to the evolving demand for specialized programs in both local and regional contexts. Our Faculty members enjoy a diverse range of experiences covering industry and academia and are focused on providing students with an enhanced learning experience. Classes are small, allowing for close interaction between students and faculty members who practice an open-door policy and know students on a first-name basis. The Faculty is continuously engaged in updating its curricula and course offerings, integrating research, and embedding case studies in the offering of its academic programs to better meet the needs of the job market. Our programs endow a well-connected business environment where students learn from industry experts as they prepare to launch their careers in business and to solidly advance in their chosen pathway, academically and professionally. Our high level of professionalism combined with our core values and reputable name are only a few of the reasons that make us the preferred choice for your studies.

There are three academic programs within our Faculty and they are:

Bachelor of Business Administration (BBA) in Healthcare Management

Bachelor of Business Administration (BBA) in Entrepreneurship and Innovation

Bachelor of Business Administration (BBA) in Risk Management and Insurance

ADMISSION REQUIREMENTS AND PROCEDURES

The Office of Admissions and Registration processes admission to all University Faculties. All inquiries, requests for application forms, and correspondence must be sent to the Office of Admissions and Registration.

A. Selection of Applicants

The University Admissions Committee, based on the recommendations of the Faculty sub-committees, selects applicants for admission. The Office of Admissions and Registration is responsible for handling admissions procedures. The University admits qualified students without regard to race, color, gender, religion, age, physical handicap, or national origin. The University receives applications on dates announced by the Office of Admissions and Registration. Application forms are obtained from the Office of Admissions and Registration or from the university website.

3. Scholarship and Grants**A. Financial Aid and Student Work Program**

- Financial aid is granted to qualified and needy students whose financial situation cannot cover educational costs. University financial assistance may be in the form of scholarships (partial or full), student work, or deferred payment of tuition fees. Students should submit an application for financial aid to the Office of Financial Aid and/or an application for student work to the Office of Student Affairs.

Students should comply with the following:

- Be enrolled as regular students
 - Have a good academic record
 - Be in financial need
 - Should not be on disciplinary probation.
- Continuing students who are interested in applying for financial aid for the next academic year should apply by mid-May. New students may also apply for financial aid and submit the applications by mid-October (if joining UOBD in the Fall semester) or by mid-March (if joining UOBD in the Spring semester).
 - Deferred payment is handled during the registration process through the Financial and Business Office.
 - Student work opportunities are available on Campus. Jobs vary from clerical work to laboratory and library assistance. Student work applications should be completed and submitted to the Office of Student Affairs at the end of each semester. New students are not eligible for student work.

B. Sibling Grant

A Sibling Grant (7.5% for second, 12.5% for third) is granted when two or more siblings are registered at the University of Balamand Dubai. No application is needed to qualify for this Grant.

OFFICE OF STUDENT AFFAIRS

The Office of Student Affairs through its various divisions provides opportunities for student development through extra-curricular activities and programs that improve the students' potentials and interpersonal skills. The office offers a variety of multidisciplinary activities and services in:

1. Career Guidance

The Career Services Activities works on enhancing students' leadership and technical skills through developmental and capacity building projects. It gives attention to the undergraduates' career guidance, graduates' employability and ensures students' success when transitioning from academic life to post-graduation destinations.

2. Counseling

Transitioning from high school to university life can be challenging and stressful for many students. The Counseling Center at UOBD provides professional counseling services and programs to help students succeed and make the most of their overall college experience personally, intellectually, vocationally, socially and physically.

3. Campus Life and Student Development programs

Clubs and Societies represent a wide variety of interests in which students experience growth outside the classroom setting. Professional staff members and advisors are available to assist those interested in forming a club or society, and to advise registered groups.

4. Athletics

Sports and recreational activities offer students the opportunity to improve their physical well-being as well as enhance their social lives. A coordinator for athletic activities is available to ensure that athletic programs are designed to meet the diverse needs of the UOBD community.

5. Student Work

Student work is considered to be an integral part of the daily operation of Faculties, Departments and Offices at the University of Balamand Dubai. The mission of the Student Work Program (SWP) is to offer students, mainly those with financial need, on-campus jobs which would allow them to earn income that will be deducted from their tuition fees and at the same time would help them achieve both professional and personal development skills.

6. Student Publications

A newsletter and a yearbook will be issued by students on regular basis. These publications will provide students the experience of the regular creation and publication of a newsletter. It also enlightens the University Community about issues and events relevant to it and improves reading habits, knowledge and awareness.

These services will be available to guide students throughout their university life and will be developed gradually depending on the student enrollment and available facilities. Events and programs will be communicated to students through electronic means (mainly on UOBD website and social media pages) on regular basis.
